

 **iDealogic**
Your Flexible IT Staffing Partner

Scale up your workforce,

Save on staffing costs,
whilst driving output,
quality and revenues.

Welcome to iDeaLogic

We provide technology services that digitally transform our partners and generate business value. We offer a comprehensive range of services, including staffing and technology consulting, software engineering, and ongoing support. Our multidisciplinary expertise enables us to deliver innovative solutions that help our partners achieve their goals.

We believe that technology can be a powerful tool for driving business growth and success. Our team of experts is dedicated to helping our partners leverage the latest technologies to streamline their operations, improve their customer experiences, and achieve their strategic objectives.

Our company values:

Collaboration
Clarity
Commitment

What makes us different?

We are a flexible, client-focused, and collaborative team that has made these values our DNA. We are constantly growing and improving as a company and as individuals. We always keep our partners and staff's interests in mind. To support you better, we have created iDev Care, a comprehensive service that includes iDev Care Expert Group, iDev Care IT, iDev Care HR, and iDev Care Finance. These services are designed to simplify and speed up your work, so you can concentrate on your core activities.

You can expect to have highly trained and motivated people working on your project, your dream, your new adventure. We are committed to providing our colleagues with everything they need to succeed and creating a work environment that they love. We invest in their training and growth, and we take care of them, so we expect you to do the same.

What they say

With our company values dedicated to collaboration, clarity and commitment we'd love to share what our partners are saying. By defining common goals and setting these as targets, we are able to support and adjust to reach satisfaction for all involved.

“ We were looking to provide our customers with a constant stream of high quality enhancements. This requires a dedicated DevOps team with great skills and great attitude. We certainly found that at iDealLogic and it reflects in our customer satisfaction.

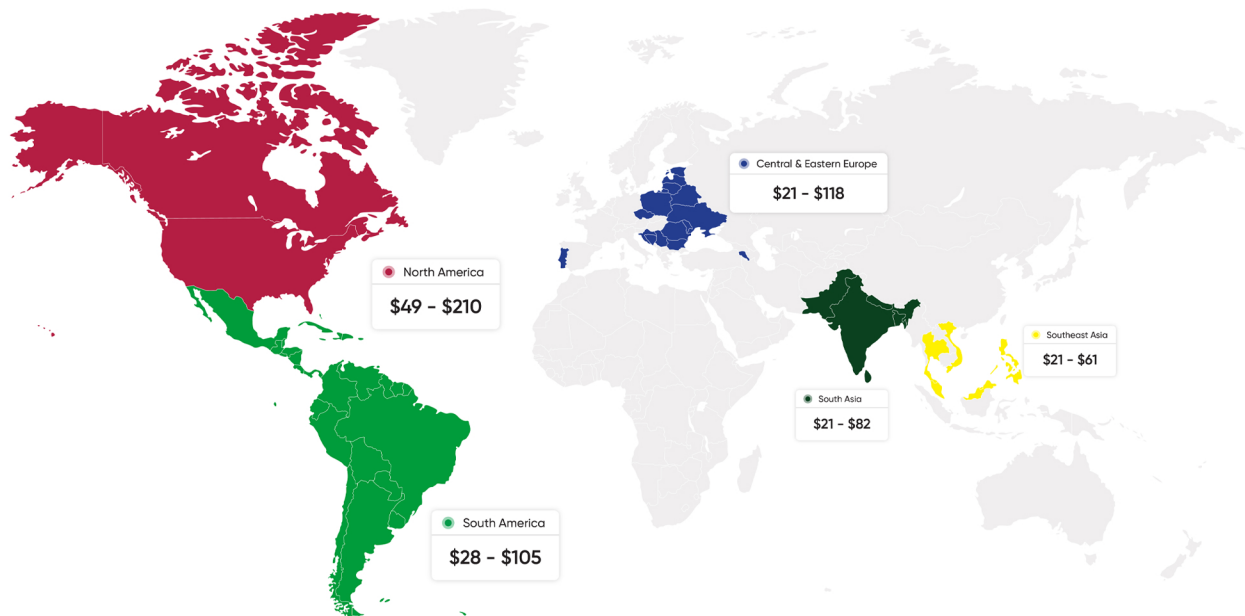

Mark Hunneman,
PublishOne

”

Why choose us

- 1. Flexibility:** You gain access to a network of **450.000 skilled** and experienced **Specialists**. Whether you need a dedicated team, individual experts or set up your own development center. We got you.
- 2. Cost-Effectiveness:** Say goodbye to the overhead costs of hiring, training, and managing in-house staff. This allows you to focus on your core business while we handle the technical aspects.
- 3. Productivity Boost:** By collaborating with remote specialists, your projects become more efficient. You can scale up or down as needed, without any long-term commitments.
- 4. Quality Assurance:** Leverage the expertise and experience of our professionals. Expect reliable deliverables that meet your standards.
- 5. Seamless Communication:** We use cutting-edge tools and technologies to ensure smooth workflow and feedback. Collaboration knows no boundaries.
- 6. Vietnam's Talent:** Vietnam boasts astonishing technical talent. Tapping into this resource opens up exciting possibilities for your projects.
- 7. Cultural Exchange:** Consider visiting Ho Chi Minh City and Hanoi in Vietnam! It's an opportunity to immerse yourself in the local culture, learn from your team, and build stronger connections.
